WELD

PROFESSIONAL WELDING SERVICES

Specialising in Copper and Steel boiler repairs

Our skills have been built up over the years and all of our certifications to standards. We hold Welding Codes and a set of Welding procedures for **Copper & Carbon Steel**, approved by **British Engineering Services & Lloyds** in accordance with BS EN ISO standards.

Whether you need a quick repair of detailed modification we are available on site or mobile 7 days a week. We take great pride in our work and provide X-Ray quality welding. Our heritage and industrial boiler welding

repairs are carried out to the highest standards of coded welding. We can supply a certificate plate and specialise in flanged and welded fire boxes. For more details of our work and abilities please check out our web site.

Railway Engineering Specialists

Along with our existing and well established manufacturing capability for traction and rolling stock C4 components, draw gear and wheel set assistance activity, we are delighted to be able to now manufacture here in the UK a full and comprehensive range of power and trailer axles from GFM forged steels in all the industry grades.

These parts are fully machined using next generation state of the art CNC machine tools and inspection equipment.

All axles are RISAS released and available in quantities from one to your desired plan.

RAILWAY SUPPORT SERVICES

Offer for Sale

08 568 This locomotive has been stripped in readiness for rebuilding. It can be supplied with wheelsets, power unit and traction motors. It was formerly duel braked.

08 709 This locomotive is largely complete with major components but is in need of a rebuild. Some missing components can be supplied with it, by agreement. Both locos can be viewed by prior arrangement, at our Sutton Coldfield workshops. Please note that these locomotives are only available to the Preservation movement and a restrictive use clause will be inserted in the sale contract, preventing the locomotives being resold within 3 years or used in an industrial capacity. In the first instance please contact;
