Specialising in Copper and Steel boiler repairs

Our skills have been built up over the years and all of our certifications to standards. We hold Welding Codes and a set of Welding procedures for **Copper & Carbon Steel**, approved by **British Engineering Services & Lloyds** in accordance with BS EN ISO standards.

Whether you need a quick repair of detailed modification we are available on site or mobile 7 days a week. We take great pride in our work and provide X-Ray quality welding. Our heritage and industrial boiler welding

repairs are carried out to the highest standards of coded welding. We can supply a certificate plate and specialise in flanged and welded fire boxes. For more details of our work and abilities please check out our web site.

TWO DIESEL-MECHANICAL 0-4-0 SHUNTERS FOR SALE

Ruston 0-4-0 dates from 1942 and latterly in service at Bath Gas Works before being acquired by the Somerset & Dorset Railway Trust. Needs some work on the starting mechanism, but otherwise a runner.

This Andrew Barclay 0-4-0 No. 349 dates from 1941 and was first used in WW2 at the ROF Puriton. Acquired by the Somerset & Dorset Railway Trust in recent years. In working order and one of only two of its kind in existence.

Offers of interest in the first instance to
info@sdrtrg.org

Both diesel shunters are currently in Somerset and available for viewing by appointment.
The Somerset & Dorset Railway Trust

The **Forest of Dean Railway** offers the remaining structure of **Walnut Tree Junction** signal box
